

## Tifosi Optics

The Dea is casual enough to wear to the coffee shop, yet functional enough to wear on a ride, run or while playing golf. Three interchangeable lenses allow the wearer to have coverage in any light conditions. It fits small to large faces and features vented lenses and hydrophilic rubber ear and nose pieces. ## Signature Eyewear

Shown is the newly launched Michael Stars sunglass model "Sun Goddess" in color Peachy Plum. It is a great square shape offered in a light-to-dark gradient design. Other colors include a brown gradient called Root and a clear-to-black gradient called Clearly Black. [www.sigeye.com](http://www.sigeye.com)

## Global Optique

The TF32 features fine feminine design, uplifting eye shape, high grade metal front with ultra modern designed hand crafted plastic temples. Available in Size 48/17 in colors: Brown, Purple, Black, and Wine. [www.globaloptique.com](http://www.globaloptique.com)

## Julbo Eyewear

Each of Julbo's glasses feature polarized lenses made from polycarbonate, which is lightweight, durable and offers extraordinary optical quality and transparency for any activity. The Cruz is a square lens style for men and is available in colors: Black and Titanium. [www.julbousa.com](http://www.julbousa.com)

## Marco Eyewear

MARCO polarized introduces twelve exciting new Rx-ready frames for men and women. Trendy and cool with an Italian design influence, these Rx-ready frames feature style points that include subtle temple details and beautiful hand-finished acetate combinations. Shown is MARCO polarized MOD 54 Black & Red. [www.marcoeyewear.com](http://www.marcoeyewear.com)

Offering affordable eyewear will give your patients a fantastic choice. Always strive to continue to provide superior product quality, office promotions, and supreme and friendly customer service. ■
