

CLIF SHOT BLOKS

CLIF SHOT Bloks offer very similar nutrition to SHOT Energy Gels. The primary ingredient for both is brown rice syrup—which provides easy to absorb carbohydrates for working muscles. Each SHOT Bloks chew comes in a 10-gram size, so that three chews equal 100 calories. This makes it easy to count calories during a long ride. There are six chews to a double-serve package; so one package provides 200 calories. CLIF SHOT Bloks are the first product in CLIF's SHOT line to be USDA certified organic. SHOT Bloks are available in Margarita Salt, Piña Colada, Cola (with 25 milligrams of caffeine), Cran-Razz, Lemon-Lime, Strawberry, Black Cherry (with 50 milligrams of caffeine) and Orange (with 25 milligrams of caffeine).

Price: \$21.95 (box of 12)

NALINI WINTER PRO COLLECTION

Nalini is a popular brand on the Pro Tour making clothing for Bouygues Telecom, Caisse D'Epargne, Credit Agricole, Rabobank, Francaise Des Jeux and many more. They also offer a massive line of clothing options for the enthusiast and club rider. The Dulfim Polar Tech Thermo Jacket and Aldebaran Thermo Bib tight are part of Nalini's Winter Pro collection and both feature the Manto Vent wind protection system, a unique polymer designed for increased air resistance. This beautifully made clothing is designed to keep you warm while adding the Italian flare necessary to keep your riding buddies at bay.

Price: Dulfim Jacket (\$249.99), Aldebaran Bibs (\$189.99)
